Whirlpool Duet® Front-Load Washer

WFW94HEA

Precision Dispense: Holds additives and releases them at the correct time during the cycle for optimal fabric care. Detergent mixes with water to penetrate fabrics and virtually eliminate pretreating.

12-Hour FanFresh® Option with Dynamic Venting Technology®: When selected, a built-in fan automatically activates after the wash cycle is over, tumbling clothes for up to 12 hours so you can wash and dry a small load right in the washer.*

Steam-Enhanced Cycles: Add the power of steam to select wash cycles to eliminate tough stains with virtually no pretreating.

Tap Touch Controls: Allows direct access to washer functions, and its sleek appearance enhances the appeal of any space.

*Based on a 2-lb load of lightweight fabrics.

Whirlpool Duet® Front-Load Washer

WFW96HEA

Precision Dispense Ultra: makes the laundry process easier while saving nearly 10% in HE detergent costs.* The removable cartridge can hold enough detergent for up to 12 loads of laundry in a single filling.**

12-Hour FanFresh® Option with Dynamic Venting Technology®: When selected, a built-in fan automatically activates after the wash cycle is over, tumbling clothes for up to 12 hours so you can wash and dry a small load right in the washer.*

Steam-Enhanced Cycles: Add the power of steam to select wash cycles to eliminate tough stains with virtually no pretreating.

Active Spray Technology: Active Spray technology sprays the load with detergent in a cone shaped pattern to completely and evenly cover the fabrics.

Tap Touch Controls: Interface allows direct access to dryer functions, and its sleek appearance enhances the appeal of any space.

LEARN MORE AT energystar.gov

**Compared to adding the detergent manually. Based on a 2-lb load of lightweight fabrics.
**Based on 2X concentration of HE detergent.

Whirlpool Duet® Front-Load Dryer

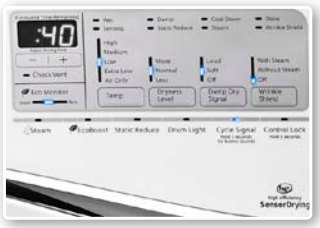
WED94HEA—Electric | WGD94HEA—Gas

Key Features

Advanced Moisture Sensing: Three built-in sensors read incoming air temperature and outgoing air temperature while monitoring moisture levels inside the dryer. This helps the drying cycle end when everything is perfectly dry, saving time and energy and helping to prevent overdrying.

Wrinkle Shield™ Plus Option with Steam: Help keep wrinkles from setting in to your clean clothes for up to 140 minutes. These models use the added benefit of steam for even better wrinkle-fighting performance.

Steam Refresh Cycle: This steam cycle uses water and heat to relax wrinkles and reduce odors from clothes in just 15 minutes. It's ideal for those items you'd rather not rewash.



Tap Touch Controls: Interface allows direct access to dryer functions, and its sleek appearance enhances the appeal of any space.

high efficiency
SensorDrying

*Compared to a conventional top-load laundry pair, electric models only.

Key Features

Advanced Moisture Sensing: Three built-in sensors read incoming air temperature and outgoing air temperature while monitoring moisture levels inside the dryer. This helps the drying cycle end when everything is perfectly dry, saving time and energy and helping to prevent overdrying.

SilentSteel™ Dryer Drum: Metal buttons and zippers make less noise as they tumble, thanks to a unique sound-dampening material that surrounds the stainless steel dryer drum. The dryer runs quieter, even when you load items with metal accents.

Wrinkle Shield™ Plus Option with Steam: Help keep wrinkles from setting in to your clean clothes for up to 140 minutes. These models use the added benefit of steam for even better wrinkle-fighting performance.

Tap Touch Controls: Interface allows direct access to dryer functions, and its sleek appearance enhances the appeal of any space.
